

Ebrahim Hamood

Syria,Latakia,
Tishreen University

JOB TITLE :

- Junior Natural Language Processing
- Artificial intelligence developer

PERSONAL INFORMATION :

- Computer science student specializing in Artificial intelligence at Tishreen University
- Mobile phone number: +963982492725
- Professional email address: berohamood545@gmail.com
- Country of Residence : Syria

OBJECTIVE STATEMENT :

- Artificial intelligence developer specifically natural language processing, with more than a year of modest experience. I worked on various projects such as text analysis, project analysis, and chatbots, using modern technologies such as Bert and M-Bert, and in various frameworks such as Pytorch and TensorFlow.

SKILLS :

- Pytorch
- TensorFlow
- Python
- Bert
- NER
- Glove
- Spacy
- Pandas
- Numpy

Additional Experience :

➤ Volunteer :

Yasmeen Al, Türkiye (Remote), January/2025-→Current

1. **Implemented machine learning models for predictive analytics, enabling better decision-making and forecasting capabilities.**
2. **Produced monthly reports using advanced Excel spreadsheet functions.**
3. **Used statistical methods to analyze data and generate useful business reports.**
4. **Improved decision-making processes with accurate data analysis and visualization techniques.**
5. **Utilized data visualization tools to effectively communicate business insights.**

➤ Intern :

Deep Torch, Latakia(OnSite),August/2024-→Current

1. **Supported staff members in their daily tasks, reducing workload burden and allowing for increased focus on higher-priority assignments.**
2. **Gained valuable experience working with NLP, applying learned concepts directly into relevant work situations.**
3. **Assisted in creating natural language processing models that effectively processed complex text data for sentiment analysis purposes.**
4. **Worked closely with senior researchers on cutting-edge AI projects that contributed significantly to company growth and innovation efforts.**
5. **Analyzed large datasets using advanced statistical methods, providing valuable insights for business strategy development.**

- **Familiar with frameworks Django and Laravel as a Back-end developer**
- **Familiar with frameworks Flutter as a Front-end developer**

language

- **Arabic: Native language**
- **English: B2(Upper intermediate)**
- **Dutch: A2(Elementary)**
